**EVERY HIGH SCHOOL IN QUEENSLAND AND NEW SOUTH WALES IS INVITED TO ATTEND. MANY MORE SCHOOLS ARE STILL TO ENROL**

# Car Crash Test

As seen on Channel 7 news across Queensland, SDT recently conducted an in-house car crash test at Willowbank Raceway. A 1987 Toyota Celica was used as it typified a first-car chosen by novice drivers (no airbags, no abs, poor dynamics). The crash was professionally filmed and the vision has been compiled into videos for both our 2011 High School driver training and Physics in Motion Science Programs. Checkout the crash on the SDT Australia YouTube Channel

**A wonderful, well organised and invaluable course**
