- ✓ What to do in a spin* **only if skidpan is included*

Unique things we offer

- 28 years of experience, thousands of school groups and 100,000+ course participants
- A range of vehicles are supplied so the novice driver gets to experience the difference between large and small vehicles + front and rear wheel drive. By not using their own vehicle they gain confidence and understanding of the characteristics and limits of different vehicles
- Foam objects are used to simulate impacts for crash avoidance training
- We are the exclusive distributor for Fatal Vision Alcohol and Drug impairment goggles
- Skid pan training* can show teen males that they are not as good as they think they are and teen females can experience what a vehicle feels like before it skids, so they can speak up/intervene!
- Participants receive a certificate and safety pack. Add certificate to resume to show employers

Minimum requirements to attend

- A learners or provisional licence with **at least 20 hours** of driving experience
- Participant's must know how to start and move a vehicle (all vehicles are automatic)
- The practical training cannot be attended unless the prerequisite online modules are completed

PLEASE NOTE: in Queensland log books hours can only be earned from in-vehicle training on public roads
