

JUNIOR DRIVER TRAINING

SAFETY STARTS EARLY

Junior Driver Training for 12 to 16 year olds:

- Develop skills and a safer attitude before commencing training for a driver's licence
- Learn to drive in both a manual and automatic vehicle
- Drive on a closed private road course with curves, intersections and parking areas
- Learn to start, drive, brake, steer, change gear, stop and reverse the vehicles
- All participants receive access to online pre-course training modules. Each module is packed full of helpful safe driving tips and advice.

WHY ATTEND: Your children have been exposed to so much bad driving via movies, gaming and social media. Little do they realise the wild driving they see so often; ended badly for those involved or is unrepeatable or was generated via CGI or AI. **It's time to put realistic and safer ideas into their head.**

WHAT HAPPENS DURING THE SESSION: Junior Drivers from the age of 12, right through to 16, will gain essential, practical driving experience that'll be invaluable once they come of age and begin learning to drive on public roads for real. The 3-hour sessions are designed to be immersive for all junior drivers, lessons take place at a training venue where challenges and obstacles are setup. This way, your son or daughter can experience being in control of a vehicle in real-life situations, but without the worry of other road users.

All young drivers are accompanied by professional driving instructors, experienced at working with under 17s. What's so good is that kids learn exactly the same skills as they would in a normal driving lesson. It's all about getting out there and giving it a go, learning to handle the car safely and sensibly in a friendly atmosphere.

And kids - you will be given your very own **Driving Report** to set you off on your journey to getting a driving licence. So when you *do* get your learners permit and start lessons with an instructor, they can see what you've already done and simply build on it. And parents – this training is invaluable thanks to the magic words: "someone else's car". You can bundle your eager, underage child into one of our cars and watch with pride, as they negotiate the intricacies of driving...safe in the knowledge that your own vehicle is parked, locked and in no danger!

PRICE/VENUES:

\$275pp @ Willowbank Raceway (near Ipswich)

\$297pp @ Morgan Park Raceway (Warwick)

\$330pp @ Carnell Raceway (Stanthorpe)

\$330pp @ Lakeside Raceway Driver Training Centre (Petrie)

FEEDBACK:

Vivien Stewart

What you're doing for (city) kids who've never had any other opportunity to drive a car before is just wonderful 😊

Dean Hanley

Amazing day for him. Such a great thing for your children to do. Can't take the smile off his face. Thank you sdt.

Todd McGuire

Thanks again for a great day and for running the junior program, Lucas had a fantastic day and is very keen to do it again. Lucas was a typical 12 year old boy and a bit cocky, but he was quick to identify when he made a mistake, often before Ben would mention it. Great job!

Clarissa Miller

Thank you so much Joel and Ben the girls came away absolutely loving today and already wanting to come and do it all over again 😊

💎 Top fan

Conrad Brookman

That's awesome. 🙌 It should be mandatory for all new drivers!
