

# DRIVER-ED PRODUCT OVERVIEW

current as at March 1, 2024

(Many of the product titles below have a clickable link to the relevant webpage)

## **Fatal Vision Alcohol Impairment Goggles:**

[Click Here For More Info](#)

These unique goggles demonstrate the impairment of alcohol consumption on a person's vision and co-ordination. The goggles can be used for a walk-the-line sobriety test or used with a driving simulator for a unique anti-drunk driving demonstration. The goggles are available in 5 different BAC levels which allow a person to experience different levels of alcohol impairment (eg. the effect of being at the legal limit compared to several times over the limit). The goggles come with either a clear (daytime) lens or tinted (night-time) lens to simulate impairment at night. We offer various kits and discounts for bulk orders.

## **T.V.L. Tunnel Vision Lenses:**

These lenses are applied over the Fatal Vision Goggles to demonstrate the Tunnel Vision effect that occurs with alcohol and drug consumption. Can also be used to train novice drivers to turn their heads and scan further ahead while driving.

## **D.I.E.S. Danger in Every Step Floor mat:**

[Click Here For More Info](#)

This is a specially designed 3D printed floor mat to be used in conjunction with any of the Fatal Vision Goggles to provide an interactive demonstration of the dangers of alcohol and drug impairment (e.g. walking along the footpath, tripping over obstacles etc). There are 2 versions: the Winding Sidewalk Mat or the Roadside Sobriety Test and Stairs Challenge Mat. Each mat is 1.2 metres x 3 metres

## **Alcohol Education Rental Kit**

[Click Here For More Info](#)

We offer the rental of a training kit containing 6 x Fatal Vision Goggles, a range of standard drink demonstration glasses, "walk the line" tape, posters and a comprehensive PowerPoint presentation.

## **Redline Disposable Alcohol Testers:**

[Click Here For More Info](#)

REDLINE is a simple to use alcohol breathalyser, which detects the presence of alcohol in the body and gives an accurate indication of whether the blood alcohol content has exceeded a specific limit. Use this for testing students suspected of consuming alcohol or as a unique course give-away.

## **Drowsy and Distracted Driving Goggles:**

[Click Here For More Info](#)

These unique "blinking" goggles simulate the experience of drowsy driving [like micro sleeps] and distracted driving. Using the App, the instructor can control the blinking rate of the goggles. These are a perfect accompaniment to a driving simulator and any driver education program that targets fatigue or distracted driving.

[<CLICK HERE FOR PROMOTIONAL VIDEO>](#)

## **Distract-A-Match Game:**

[Click Here For More Info](#)

This unique shape matching game helps demonstrate in a fun and engaging way the impact of distractions on our reaction time and judgment. This tool provides a clear and easy to understand lesson about the impact distractions have on a person's ability to drive safely. This game can also be used with the Fatal Vision Beer Goggles.

## **Driving Simulator Rental**

[Click Here For More Info](#)

We will ship to your location a portable driving simulator contained in a large hard storage case. The box also contains a computer with a licensed version of the software. You will need to supply a chair and a large monitor/LCD screen. The simulator can be used in road safety/driver education programs to demonstrate various driving dangers or in Physics classes to demonstrate acceleration, braking and vehicle safety topics. Instructional videos will be supplied to help teachers/trainers to setup demonstrations.

### **Pedal Go-Kart (1 seat and 2 seat models available)**

The 2-Seater Roadster Pedal Kart provides the ability to address the dangers of riding as a passenger with an impaired driver. It allows your educational program to reinforce strategies to make safe decisions about impaired driving. The participant "driving the kart" can be impaired with an alcohol, drug or drowsy goggle or texting using a phone. Goggles and traffic cones need to be purchased as additional items

### **Marijuana Simulation Experience:**

[Click Here For More Info](#)

This training kit includes a goggle and other educational games to create awareness about the impairment of Marijuana. The kit also includes a USB containing a range of drug education resources and an Australian-made interactive hazard perception video that is watched while wearing the Marijuana Simulation Experience Goggle.

[<CLICK HERE FOR PROMOTIONAL VIDEO>](#)

### **Concussion Training Kit:**

[Click Here For More Info](#)

The full training kit is a hands-on awareness program allowing participants to experience the simulated TBI (Traumatic Brain Injury) symptoms of dizziness, visual disconnect, disorientation, hesitation and confusion. The kit includes information for the trainer to run a session, games for participants, assessments and hand-out materials.

### **Defensive Driving Course (E-learning):**

[Click Here For More Info](#)

This on-line e-learning program is a comprehensive theory based defensive driving course. There are 26+ modules covering topics such as: Defensive Driving, How Crashes Happen, What Type Of Driver Are You?, Risk vs Reward, Driving in Different Weather Conditions (Snow, Fog, Rain, Dust), Night Driving, Country Roads, Motorways, Tyre Care, Pre-Start Checks, Vehicle Systems, Breakdown Procedures, Vehicle Security, Sharing the Road. Each module contains a video and a quiz for assessment.

### **3 x Driver Safety Posters**

These 3 x A1 laminated posters have been developed by SDT to provide informative driving tips to the audience in and around a driving simulator or to theme your road safety driver-ed classroom. The posters cover the topics of cabin drill (seating/steering), preventing carjacking and driving vision.

### **Phone Cell:**

[Click Here For More Info](#)

This practical zip-up PVC bag reminds the user to zip up phone distractions while driving. When the phone is in the bag, the message couldn't be clearer "Park your Phone Drive your Car." Each bag includes a distracted driving message card. This is a great give-away item to present to your program participants to reinforce the training provided. You can also fill the bag with other give-away items.

# **SIMULATOR RANGE VIDEO**

- 2024 SIMULATOR RANGE PROMOTIONAL VIDEO** <https://youtu.be/mHYIvRILUls>
- CONSTRUCTION MACHINERY SIMULATOR: PROMO VIDEO** <https://youtu.be/URWG1WZXDpc>
- WHAT UNIQUE THINGS CAN A SIMULATOR TRAIN FOR?** [https://youtu.be/4i\\_jCJhb-j4](https://youtu.be/4i_jCJhb-j4)

# SIMULATOR SAFE DRIVING WORKSHOP

We bring a Driving Simulator Trailer and 3 advanced driving instructors to your campus and conduct a 4 hour program for up to 32 students. Students complete a Safe Driving Workbook using data collected from each session (this include Physics in Motion elements)

## Simulator Driving Session (1 hour per 8 students)

- Impaired Driving with unique Impairment Goggles (includes alcohol, drugs, distractions and fatigue)
- Driving in slippery conditions (snow, rain, ice)
- Dealing with Emergency Situations (how to react)
- Dangers of Tailgating, Speeding, Bad Steering etc.

## Car Maintenance Session (1 hour per 8 students)

- Pre-start Engine Checks (under bonnet checks)
- Correct Jump Starting Procedure
- Diagnosing causes of incorrect Tyre Wear
- Importance of using correct Tyre Pressures
- Demonstration of a Wheel Change (flat tyre)

## Safe Driving Lecture (2 hours per 16 students)

Amazing training videos we have filmed covering How Crashes Happen, The Power to Act, Reckless Driving, Sharing the Road, Defensive Driving, Braking Distances, How Fast are you Going, Vehicle Loading, Following Distances etc.

**\$2310 inc GST**  
for locations in Greater Brisbane, Ipswich, Gold Coast, Toowoomba  
**+\$440** for regional QLD and NSW locations  
*Regional dates only possible when on tour*

## SAFE DRIVE E-LEARNING

**TARGET AUDIENCE: YEARS 11 - 12**

Novice drivers can now access a comprehensive on-line e-learning defensive driving course. There are 26 modules in the program with over 4 hours of videos that cover the following topics:

- INTRODUCTION
- WHAT TYPE OF DRIVER ARE YOU?
- HOW CRASHES HAPPEN
- DEFENSIVE DRIVING
- THE POWER TO ACT
- DRIVING ANALYSIS
- SEATING AND STEERING
- VISION SKILLS
- CHANGING GEARS
- SHARING THE ROAD
- FOLLOWING DISTANCE
- HOW FAST ARE YOU GOING?
- VISIBILITY (BE AND BE SEEN)

- EMERGENCY BRAKING
- VEHICLE DYNAMICS
- ENGINE CHECKS
- TYRE SAFETY
- VEHICLE BREAKDOWNS
- VEHICLE SECURITY
- IMPAIRMENTS
- VEHICLE LOADING
- CITY DRIVING
- COUNTRY ROADS
- RISK vs. REWARD
- STEERING TO AVOID CRASHES
- HOW TO CRASH

Participants can log-in and out as many times as required. Each module ends with a quiz to assess knowledge gained. Once fully completed an electronic certificate of course completion is provided.

This program is available to all novice drivers (not just those enrolling in the defensive driving course).

We encourage schools to consider making such a program compulsory for all students driving to school.

## SAFE DRIVING EXPO

A **Safe Driving Expo** is an inexpensive Driver Awareness program best suited to Year 10 or Year 11 students. It is available at venues from Tamworth to Townsville. Students participate in safety workshops, lectures and demonstrations whilst they collect data for their workbook which is aligned to core curriculum outcomes. A driving simulator, radar guns, g-force meters, alcohol and drug impairment goggles are used for interactive and engaging education. Attendance fees range from \$66 to \$110 per student depending on the venue and attendance numbers. Watch the promotional video below for more information.
